Army Strong Community Center (ASCC)

Honored to Serve

The mission of the Army Strong Community Center (ASCC) is to develop resilient Families through effective community partnerships enhancing the strength of our Expeditionary Force and the communities where they live.

The ASCC is an element of the Virtual Installation initiative that was created to fill gaps in services and to support geographically dispersed Families.

The ASCC supports ALL branches of the Military, Veterans, Retirees and their Families by working one-on-one through every situation until a resolution has been reached.

Support is provided by trained, qualified and skilled staff available on a 24/7 basis and delivered with both a personal touch and technological capabilities.

How the ASCC can help you:

The ASCC provides resources and support to Military Members and Families in the community closest to where they live.

The ASCC provides responsive services to Military Members and Families and the same level of access to support and resources they would expect to find on a military installation.

The ASCC builds community capacity and fosters effective Federal, State and Community Partnerships as well as cooperative service organizations.

These partnerships foster and support the strength, resilience and readiness of Military Members and their Families.

Some Areas the ASCC Assists Military Members and Their Families

Army Strong
Community Center
Connecting Soldiers, Families, & Communities
